Tela Technology Named Winner of Infinigate Group's Prestigious Cloud Awards for UK Modern Workplace Partner Award

London – 16th June 2023 – Tela Technology, a leading provider of cloud-based solutions, today announced that it has been named winner of Infinigate Group's prestigious Cloud Awards for the UK Modern Workplace Partner Award 2023. The award recognises Tela's commitment to providing innovative and customer-centric solutions that help businesses transform their IT infrastructure and modernise their workplaces.

"We are thrilled to be named winner of the Infinigate Group's Cloud Awards for the UK Modern Workplace Partner Award," said Shez Cheema, CEO of Tela Technology. "This award is a testament to our team's hard work and dedication to providing our customers with the best possible solutions. We are committed to helping businesses of all sizes transform their IT infrastructure and modernise their workplaces, and we are proud to be recognised for our efforts."

Tela Technology was selected as the winner of the UK Modern Workplace Partner Award based on its deep understanding of Microsoft's 365 cloud solutions, its commitment to customer support, and its track record of success in helping businesses transform their IT infrastructure and modernise their workplaces. Tela Technology's cloud-based solutions offer businesses a wide range of benefits, including increased agility, scalability, and security.

"Tela Technology is a valued partner of Infinigate Cloud, and we are proud to recognise their outstanding work in the modern cloud market," said said Craig Gordon, Head of Infinigate Cloud UK. "Tela Technology has a deep understanding of the Microsoft Modern Worplace solutions and a commitment to customer service that is second to none. We are confident that Tela Technology will continue to be a leader in the cloud market and help businesses of all sizes transform their IT infrastructure and modernise their workplaces."
